

Habitat Newark is growing and building more homes than ever before. We are building more types of homes, in more locations and in more neighborhoods than every before. To accomplish our goals we need more tools and supplies. You can help by donating any of the following to our construction manager, Jason Ramsey and his construction team and our volunteers.

If you have any of the following tools, or would like to buy and donate the tools you can bring them to our headquarters at 298 South Orange Avenue in Newark (South Orange Ave at 6th Street).

Of course if you would rather donate the money and let Jason buy what he needs you can do so on line at our Website (www.habitatnewark.org) by clicking on one of the Donate Now buttons or by sending your check to Habitat for Humanity Newark, 298 South Orange Avenue, Newark, NJ 07103.

We thank you in advance for your support.
