MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

First and foremost, I would like to thank our volunteers, sponsors, and partners for your continued support. Thanks to each of you, we can continue our mission to help the families, seniors, and veterans in need to which we serve. Special thanks to The Healthcare Foundation of NJ for their generous grant in the amount of \$96,000 that will support our West and Central Village Community Resource Hub. This funding will give us the opportunity to better serve low and moderate income families within Newark.

Join us for our 2nd Annual Golf Invitational taking place on June 20th, 2024, at the Maplewood Country Club. Our golf invitational will benefit affordable housing and our veteran's initiative. Join us in support of our veterans in need! As Arnold Palmer once said, "The road to success is always under construction."

CORPORATE CHALLENGE AND CRITICAL REPAIRS

This year, our Corporate Challenge will focus on our Critical Repair Program helping veterans and seniors at risk of homelessness to remain in their homes.

With your help, we can continue our work within our Affordable Housing Programs that include Major Renovations, Critical Repairs, and New Construction. Current projects include the ongoing renovation to the home of Mr. Irving Ealy located in Newark, New Jersey, and the critical repairs to veteran Ms. Brenda Varner's home, located in Jersey City, New Jersey, along with multiple critical repairs within our focus area of the most underserved population of Newark.

Ms. Brenda Varner, born and raised in

Jersey City, is an army veteran and a mother of three children. Being a veteran on a fixed income, Brenda and her husband were unable to fix the heat in their home along with extensive damage requiring additional repairs due to a mold issue greatly affecting Brenda and her husband's health.

Brenda reached out to the Habitat office and applied to our Critical Repair and Healthy Homes program. Upon receiving the news of their qualification for our program, the couple expressed their gratitude for the opportunity to work with Habitat volunteers and staff to ensure they could remain in their home and in better health. With your help, we can continue to provide the necessary critical repairs to Brenda's home to help her remain in the place she calls home.

THANK YOU TO OUR FALL SPONSORS for making it possible to fulfill our mission to serve our families, veterans, and seniors in need!

HEALTHCARE FOUNDATION OF NJ AWARDS GRANT

Habitat for Humanity of Greater Newark (HFHGN) has been awarded \$96,000 from The Healthcare Foundation of New Jersey. This grant is designed to build the capacity of Habitat for Humanity of Greater Newark's West and Central Village Community Resource Hub to increase hunger relief efforts and health education and screenings benefiting neighborhood residents.

HFHGN's Food Pantry was opened in 2020 as a call to action during the pandemic and continues to provide nutritious meals to the area residents addressing rising food insecurity rates and serves nearly 5,000 residents yearly, with the need rising as the cost for food increases.

The statistics surrounding food insecurity for children in Newark show that one in five children live in poverty and households are food insecure. With food prices for home consumption up as much as 10% since 2022, we are responding to the most vulnerable families by expanding our food pantry.

To learn more about how you can get involved visit www.HabitatNewark.org. If you would like more information about this topic, please contact Vanessa Bazydlo, Deputy Director of Fund Development & Corporate Engagement, at email vbazydlo@habitatnewark.org.
